## **NINTH ANNUAL OUCHOFEST TO AGAIN EMBRACE FUN WITH ROCK MUSIC, HUMAN-SIZED GRILL**

---

*Perennial Chicago Rock and Roll Music and Food Hoosgow  
Will Feature 12 bands, Meat.*

CHICAGO, IL, September 15, 2007 – The Ninth Annual OuchoFest, a day-long rock show and cookout, will once again take over Chicago's The Mutiny - a Chicago staple for live music.

This event, featuring multiple bands, free food (and open grill) and free pool, and multitudes of cheap drinks, is the latest incarnation of an annual series of music showcases that have been highlighting regional performance groups.

Curated and sponsored by Pensamplivox Records (PVX) since 1998, each previous OuchoFest has featured no less than eight musical acts, with packed houses nominally guaranteed since Year Five.

OuchoFest would certainly be at a loss without the kind partnership of The Mutiny (2428 N Western). A classic & charming dive bar and performance venue, The Mutiny has been home to many fledgling Chicago bands and Logan's Square mini-pitcher drinkers. The Mutiny's enormous free-standing grill is a prominent feature of the event, with space to accommodate any specialized meat or non-meat dietary restrictions throughout the day.

This year's OuchoFest is scheduled for Saturday, September 15, 2007. Grilling will start after 5PM, and will feature musical performances by the following groups (alphabetical order):

[.22](#) // [BearHawk](#) // [BookKooS](#) // Braun/Wiggins Spectacular // [Century Rocket Building](#) // [The Chrome Robes](#) // [IFIHADAHIFI](#) // [The Infrasonics](#) // [\\*joesepi\\*](#) // [Los Gatos](#) // [Diablos](#) // [Milk At Midnight](#) // Rang // [A Vast Amount Of Scientific Data](#)

**About Pensamplivox Records** Founded in 1998, Pensamplivox Records [PVX] is the public face of a Chicago-based musical collective with dozens of core and associate members. Formed purely out of innocence, PVX has slowly evolved over the years to become one of Chicago's reluctant & recalcitrant resources for original, bent and fresh takes on melodies, harmonies, and beats.

Today, the PVX roster boasts a core of excellent music craft, staggering showmanship, and superb recordings. The \*joesepi\* Band is at the active forefront with a pounding, road-tested live act of natural rock classics, and a swaggering new record in the can. Additionally, new **Century Rocket Building** CDEPs, new **BookKooS** super full length and a pretty & acoustic **Bearhawk** disc are targeted for Winter '07-'08 releases, with release and road shows to follow.
